

Infrastructure LARGE

About Us

StrategicERP from ITAakash Strategic Software (P) Ltd is a software platform for start-to-end process automation and information management systems customized for the Real Estate, Construction & Infrastructure industries.

We guide businesses on their path to digital transformation and help them become technologically capable. Our cutting-edge products are the brain-child of the core development team from IIT.

Vision

We empower businesses through innovation, striving to be the trusted provider of business automation solutions. Our goal is to simplify real estate operations, overcome business challenges, and foster seamless collaboration across all departments.

Mission

We streamline project management with innovative ERP solutions, ensuring seamless data flow across departments. By empowering businesses to overcome challenges and enhance efficiency, we help clients and partners achieve lasting success.

What is Infra Large ?

Our web and mobile-based Infrastructure Large ERP software has been trusted by business leaders since 2005, valued for its AI-powered features, and chosen for its proven success in boosting productivity and revenue.

Infra Large is compatible with multiple operating systems, including Windows, Linux, and Mac, with no dependency on specific browsers or devices.

Infra Large ERP helps you manage **core business functions**:

- Project Engineering, Budgeting, & Planning
- Project Budgeting & Billing
- Client & Site Management
- Contractors Management
- Lead Management
- Asset Management
- HR, Payroll, & ESS Management
- Procurement Management
- Financial & Statutory Management
- Legal, Liaison, & Loan Management
- To-do Task Management

Integration with **innovative technologies**:

- Tally
- Voice commands
- Digital media integration
- Biometrics and Face ID
- HR voice assistant
- IoT integration
- Low code/ No code programming
- Multiple third-party integrations
- GIS management
- Mobile apps

Chanakya AI

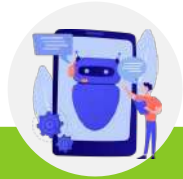

Chanakya AI is an advanced AI-powered assistant designed to enhance ERP systems with intelligent automation, predictive analytics, and seamless decision-making support.

It integrates with Strategic ERP, Centiloquy, and Inverse.ai to drive business efficiency.

PREDICTIVE INSIGHTS

- Real-time data forecasting for better decision-making
- Market risk alerts and cost minimization suggestions

AUTOMATION & AI ASSISTANCE

- **Anomaly Detection:** Prevent fraud and errors in ERP systems
- **Conversational Bots:** Streamline user interactions with AI chatbots
- **Document Scanning:** Convert physical documents into digital insights
- **Generative AI:** Automate workflows and enhance decision-making

ENHANCED USER EXPERIENCE

- **Voice Commands & Dictation:** Hands-free navigation and document processing
- **Word Suggestions:** Improve accuracy in data entry
- **ML Predictions:** Trend analysis for optimized business strategies

Chanakya

Solutions powered by AI/ML

Predicting Future data ...

Historical data is used to build a mathematical model that captures important trends. That predictive model is then used on current data to predict what will happen next, or to suggest action to take for optimal outcomes.

- Run time data prediction
- Market risk alerts
- Production cost minimise alert
- Future forecasting of Inventory/Assets
